We've thumbed through our stacks of wax (i.e., Blu-ray collections) to collect cinema's most potent examples, allowing for iconic uses of classical music and jazz along with the expected pop hits. One parameter, though, no songs composed for the movie itself. (Sorry, Simple Minds.) The result is our most toe-tapping list to date. But do let us know if we've left out your favorite jam. In David Fincher's latest antisepic thriller, the murderer has all the usual instruments of torture: poison gas, sharp scalpels, immobilizing slings. But most harrowing of all? A taste for blasting Enya's cloying hit song at eye-glazing volume. (We don't have the clip—and wouldn't want to ruin the killer's identity for you anyway—but here's that cool trailer again.)—Keith Uhlich Buy, rent or watch The Girl With the Dragon Tattoo Download "Orinoco Flow (Sail Away)" on Amazon Watch the video for "Orinoco Flow (Sail Away)" by Enya True to the spirit of the novel, this adaptation of Bret Easton Ellis's serial-killer satire uses Huey's catchy hit single to score the cutthroat dispatching of a Wall Street rival. Christian Bale alternates gleeful critical assessments with grisly at-thwacks, making this superficially slick '80s tune emblematic of the ultimate Reagan-era hollow man.—David Fear Buy, rent or watch American Psycho Download "Hip to Be Square" on Amazon Watch the video for "Hip to Be Square" by Huey Lewis and the News Of the many peppy, pop-culture-charged scenes in Quentin Tarantino's landmark crime comedy, few pack the giddy punch of this Jack Rabbit Slim's musical number, set to a Chuck Berry jaunt. Uma Thurman slinks with feline grace, and John Travolta proves he's still got the Tony Manero moves.—Keith Uhlich Buy, rent or watch Pulp Fiction Download "You Can Never Tell" on Amazon Watch the video for "You Never Can Tell" by Chuck Berry The biting love anthem from Robert Altman's 1980 Popeye was brilliantly repurposed by Paul Thomas Anderson for his quirky romance: Adam Sandler races to join inamorata Emily Watson in Hawaii. When they finally embrace, the music flourishes and the rush is palpable.—Keith Uhlich Buy, rent or watch Punch-Drunk Love Download "He Needs Me" on Amazon Watch the video for "He Needs Me" by Shelley Duvall A psychedelic groove of soap-opera strings and lyrical menace accompanies Samantha Morton, lost in her headphone cloud, as she cruises to her McJob at the supermarket. It's a perfectly rendered Gen-Whatever moment, an interior mood that few filmmakers have nailed as expertly as Scotland's Lynne Ramsay.—Joshua Rothkopf Buy, rent or watch Morvern Callar Download "Some Velvet Morning" by Lee Hazlewood and Nancy Sinatra Zack Snyder's faithful-to-a-fault adaptation of Alan Moore and Dave Gibbons's influential graphic novel is a dud, save its mesmerizing, Bob Dylan-scored opening-credits sequence. Dylan's folk prophecy poetically complements the history of the story's superhero protagonists, from their WWII heyday to a Vietnam-era fall from grace.—Keith Uhlich Buy, rent or watch Watchmen Download "The Times They Are a-Changin'" on Amazon Watch the video for "The Times They Are a-Changin'" by Bob Dylan Sofia Coppola's threading of anachronistic postpunk into her portrait of the 18th-century greek prompts head-scratching among historical purists. But kicking things off with Gang of Four's Marxist critique is inspired: The song immediately puts displays of conspicuous consumption within contextual air quotes. (Here's the trailer, with a taste of Gang of Four at the 0:30 mark, along with other artists.)—David Fear Buy, rent or watch Marie Antoinette Watch the video for "Natural's Not in It" by Gang of Four It's ironic enough for an Irish crime boss to be assassinated in his bedroom while listening to this ballad. Yet the Coen brothers rev up the humor massively by having the wistful gent (the mighty Albert Finney) actually survive the hit, returning a hail of submachine-gun fire while his favorite song calmly concludes.—Joshua Rothkopf Buy, rent or watch Miller's Crossing Download "Danny Boy" on Amazon Watch the video for "Danny Boy" by Frank Patterson Gwyneth Paltrow is immortalized as the alluring, raccoon-eyed Margot Tenenbaum in Wes Anderson's sly-no-tracing shot, which captures a sweet reunion, a hint of nostalgia and the filmmaker's signature coyness, all wrapped up in the Teutonic loveliness of Nico's quiet voice. If Anderson's choices were always this restrained, he'd be a giant.—Joshua Rothkopf Buy, rent or watch The Royal Tenenbaums Download "These Days" on Amazon Watch the video for "These Days" by Nico This Oscar-winning drama about an American journalist and his captured Cambodian translator uses John Lennon's hit to end on a high note. The former Beatle's wish-list lyrics and the moment's emotional uplift—a tearful reunion—make such utopian fantasies seem both noble and absolutely necessary.—David Fear Buy, rent or watch The Killing Fields Download "Imagine" on Amazon Watch the video for "Imagine" by John Lennon Show moreHere's the moment when Wes Anderson truly arrives, forever to live in the hearts of geeky obsessives with this montage of Max Fischer's extracurriculars, ranging from "bombardment society founder" to the director of the Max Fischer Players. The forgotten band that penned the tune, a lesser Who, supplies the attitude.—Joshua Rothkopf Buy, rent or watch Making Time" on Amazon Watch the video for "Making Time" by the Creation Jeff "The Dude" Lebowski knows his way around narcotics, but he's surely never had a trip quite like the bowling-alley dream sequence in the Coens' profanely funny comedy. Wagneresque chorines, scissor-wielding nihilists and a Kenny Rogers ditty combine for maximum, mind-altering surrealism.—Keith Uhlich Buy, rent or watch The Big Lebowski Download "Just Dropped In (To See What Condition My Condition Was In)" on Amazon Watch the video for "Just Dropped In (To See What Condition My Condition Was In)" by the First Edition How many viewers wanted to take up pottery after watching this famous lovemaking sequence—scored to a sublime, Phil Spector-produced serenade? The romance is as shamelessly glib as Demi Moore's moist molding clay, but boy, does it make us swoon.—Keith Uhlich Buy, rent or watch Ghost Download "Unchained Melody" by the Righteous Brothers If the films of Federico Fellini can be likened to one glamorous late-night party, unbound and spinning out of control, then here's the organ-drenched soundtrack, equal parts prim and perverse. A drunk partier sheds her clothes (and shame) in this, the most notorious scene of the director's career.—Joshua Rothkopf Buy, rent or watch La Dolce Vita Download "Patricia" on Amazon Watch the video for "Patricia" by Perez Prado Orchestra In a terrific early scene from Richard Kelly's cult debut, Jake Gyllenhaal's depressive, time-traveling outcast takes a long walk down his high-school hallway. Assembled into a single, unbroken take, it's as if we're gliding through one morning in our own angst-ridden teen existence—but with a better soundtrack.—Keith Uhlich Buy, rent or watch Donnie Darko Download "Head Over Heels" on Amazon Watch the video for "Head Over Heels" by Tears for Fears Effortlessly evoking the disappointments of the boomer era, Mick Jagger's profound lyric lends weight to this movie's early knockout scene, a funeral procession for a suicide. As we get to know these reuniting friends, we only hope they'll get what they need. (This clip isn't the full sequence, but you get the vibe.)—Joshua Rothkopf Buy, rent or watch The Big Chill Download "You Can't Always Get What You Want" on Amazon Watch the video for "You Can't Always Get What You Want" by the Rolling Stones The beaches of Malibu are a world away from the crowded noodle stalls of Hong Kong, but damned if director Wong Kar-wai doesn't make it work. His missed-connection romance, between a world-weary cop and a pixieish young woman, gets a dreamy injection of urban ennui via John Phillips & Co.'s '60s pop hit.—David Fear Buy, rent or watch Chunking Express Download "California Dreamin'" on Amazon Watch the video for "California Dreamin'" by the Mamas & the Papas "Then put your little hand in mine," yowls Sonny Bono on the radio promptly at 6am, day after day after day, to the blinking frustration of cosmically trapped weatherman Bill Murray. Even as we laugh, the song's chorus takes on dark overtones—someone's "gotten" indeed. No other tune would have been as maddening.—Joshua Rothkopf Buy, rent or watch Groundhog Day Download "I Got You Babe" on Amazon Watch the video for "I Got You Babe" by Sonny & Cher The quintessential scene from Ben Stiller's Gen-X-catering romance takes place in a Food Mart as Winona Ryder and up-and-comers Steve Zahn and Janeane Garofalo "ironically" get down to this exuberant new-wave track. An embarrassed Ethan Hawke cringes on behalf of all involved.—Keith Uhlich Buy, rent or watch Reality Bites Download "My Sharona" on Amazon Watch the video for "My Sharona" by the Knack Spike Lee originally named his jazz film after John Coltrane's epic four-part suite, before the musician's widow asked him to change the title. Thankfully, she let Lee borrow part of the song to add resonance to the movie's climax, in which Denzel Washington's troubled trumpeter starts a family and finally finds inner peace.—David Fear Buy, rent or watch Now Mo' Better Blues Download A Love Supreme on Amazon Watch the video for A Love Supreme by John Coltrane Show moreWho can forget Wayne and Garth's headbanging downtown drive to this operatic power ballad? Director Penelope Spheeris was hesitant to use the song, but costar Mike Myers insisted, and its pop-cultural status soared. If a recent Muppets cover is any indication, this is the hit that keeps on giving.—Keith Uhlich Buy, rent or watch Wayne's World Download "Bohemian Rhapsody" on Amazon Watch the video for "Bohemian Rhapsody" by Queen Whether Reed's tune is a direct reference to heroin has been long debated, but what isn't arguable is how effectively Danny Boyle employs it—as an overdoing Ewan McGregor imagines he's in a shag-carpeted coffin. The song's blissful lyrics make this junkie nightmare even more disturbing; it's the "perfect" example of needle-drop irony.—David Fear Buy, rent or watch Transiting Download "Perfect Day" on Amazon Watch the video for "Perfect Day" by Lou Reed From 1983—a time when the whole world could love Tom Cruise unreservedly—comes this euphoric scene of geeked-out underwear dancing, set to the scratchy bar-band stylings of Bob Seger. Cruise even jumps on a couch and it's okay.—Joshua Rothkopf Buy, rent or watch Risky Business Download "Old Time Rock and Roll" on Amazon Watch the video for "Old Time Rock and Roll" by Bob Seger and the Silver Bullet Band John Hughes, that poet of teen-pop angst, was bound to appear on this list somewhere. Not so surprisingly, when he knocks over a group of hulking bikers' motorcycles? Lace up a pair of platform shoes, hop atop the bar and get down to the horn-bleating cocktail-lounge staple, of course.—Keith Uhlich Buy, rent or watch Pee-wee's Big Adventure Download "Tequila" on Amazon Watch the video for "Tequila" by the Champs Francis Ford Coppola's hijacking of this operatic leitmotif to score a chopper attack is a stroke of demented genius; Wagner's German Romantic bombast mocks the notion of American militarism in Vietnam, even as it makes Col. Kilgore's air-cavalry strike sound like a blow from the hammer of the gods. (The specific scene isn't available online, but this trailer has a large chunk of it starting at 1:30.)—David Fear Buy, rent or watch Apocalypse Now Download "Ride of the Valkyries" on Amazon Watch the video for "Ride of the Valkyries" by Richard Wagner For a story about a lover's on the run, Terrence Malick's 1973 debut achieves a rare degree of innocence, largely due to this German composer's shimmering, percussive masterwork (also used in True Romance). Sissy Spacek and Martin Sheen create an Edenic paradise in the woods; you hope it lasts forever.—Joshua Rothkopf Buy, rent or watch Badlands Download "Gassenhauer" on Amazon Watch the video for "Gassenhauer" by Carl Orff Most onscreen possessions lead to screaming. But singing? In this hilarious sequence from Tim Burton's inventive horror-comedy, an uptight dinner becomes an exhilarating musical number set to Harry Belafonte's calypso standard. All meals should be like this, jumbo-shrimp bogeymen and all.—Keith Uhlich Buy, rent or watch Beetlejuice Download "Day-O (The Banana Boat Song)" on Amazon Watch the video for "Day-O (The Banana Boat Song)" by Harry Belafonte A black-clad Denis Lavant bursts into ecstatic dance with this 1994 club hit—and in one fell swoop, Claire Denis nudges her modern Billy Budd adaptation into the sublimely surreal, turning a cheery Italian techno-disco song into an expression of repressed gay desire finally finding its form. (The song kicks in at the 0:50-second mark.)—David Fear Buy, rent or watch Beach Traval Download "The Rhythm of the Night" on Amazon Watch the video for "The Rhythm of the Night" by Corona Steppenwolf's classic-rock staple became a hippie anthem once Dennis Hopper included it in his tale of two dudes hitting the open road. Blasting over Hopper and Peter Fonda tooting down the highway on their Harleys, the song set off an explosion of soundtracks featuring the music of the '60s counterculture.—David Fear Buy, rent or watch Easy Rider Download "Born to Be Wild" on Amazon Watch the video for "Born to Be Wild" by Steppenwolf Show moreThe sad rise and fall of porn star Dirk Diggler reaches its melancholic pallor over his interchangeable lazy afternoons and numbing sexual trysts.—David Fear Buy, rent or watch The Graduate Download "The Sound of Silence" on Amazon Watch the video for "The Sound of Silence" by Simon and Garfunkel Show moreWhen cross-dressing serial killer James "Buffalo Bill" Gumb primps and sashays in a strange interlude from Jonathan Demme's suspense classic, he's listening to this enrapturing pop song. musical taste, it makes for an instantly memorable set pieceât”the first of the filmmaker’s oeuvre.—Keith Uhlich Buy, rent or watch Reserveo Dogs Download “Stuck in the Middle with You” by Stealers Wheel Let’s say your true love has broken up with you, and you’re going to blast something on a boom box outside their window to win them back. Most people would probably pick one of the era’s soft-rock hits or power ballads; then again, most people aren’t Lloyd Dobler. Kudos to Cameron Crowe for picking Peter Gabriel’s sincere confessional as the perfect offbeat choice for John Cusack’s heart-on-his-sleeve hero to serenade dream girl Ione Skye. Thanks to the combo of the song’s testimony to soulmate salvation and Cusack’s misfit sensitivity, the scene has become an iconic moment of hopeless romanticism, parodied a million times over yet still able to bring tears to our eyes.—David Fear Buy, rent or watch Say Anything... Download “In Your Eyes” on Amazon Watch the video for “In Your Eyes” by Peter Gabriel Vera Lynn’s sentimental 1939 tune became a WWII anthem for the British, a heartfelt promise that England’s sons and daughters would be reunited come what may and normal existence would resume. Stanley Kubrick’s repurposing of Vera Lynn’s keep-your-chin-up ditty for his satirical zero-sum game, however, put a stake through any prevailing notions of optimism; life after wartime was a now thing of the past. In an era when sick humor was the only sane reaction to notions of nuclear Armageddon, Kubrick’s keenly realized callback to this old favorite, playing over a parade of mushroom clouds, goes way beyond irony. It’s a punch line to the blackest joke imaginable. (Our clip includes the scene beforehand.)—David Fear Buy, rent or watch Dr. Strangelove or: How I Learned to Stop Worrying and Love the Bomb Download “We’ll Meet Again” on Amazon Watch the video for “We’ll Meet Again” by Vera Lynn Jim Morrison’s spellbinding 12-minute dirge was originally intended as a breakup song, but with its explicit evocations of patricide and incest (as well as the lead singer’s animalistic vocalizations), the tune evolved into something more allegorical, a larger consideration of the violent beast inside us all. The mythic stature of this pop magnum opus only increased when Francis Ford Coppola placed it over the trancelike prologue of his 1979 Vietnam war epic. Helicopters slide cagily through the frame, a forest is devastated in a slo-mo napalm bombing, and Martin Sheen’s somnolent visage—caught somewhere between dream and reality—floats over it all. Morrison and the band’s apocalyptic lament evokes the horrors of a war as vividly and aptly as do the images.—Keith Uhlich Buy, rent or watch now Apocalypse Now Download “The End” on Amazon Watch the video for “The End” by the Doors “Candy-colored clown...”, requests the deranged Frank Booth (Dennis Hopper) to his dandylsh friend Ben (Dean Stockwell) in a womblike parlor. What has curious collegian Jeffrey Beaumont (Kyle MacLachlan) gotten himself into? David Lynch’s epochal 1986 freak-out doesn’t lack outr sequences, but there’s something especially unnerving about this prolonged detour behind suburban closed doors (freaky ladies sitting around listlessly. Hopper’s terrifyingly bug-eyed countenance). It famously climaxes with Ben lip-synching to Roy Orbison’s soaring lost-love ballad using a work light as a microphone. It’s a nightmare you never want to wake up from.—Keith Uhlich Buy, rent or watch Blue Velvet Download “In Dreams” on Amazon Watch the video for “In Dreams” by Roy Orbison It builds, softly, with three ascending notes...then an eruption of strings and woodwinds, punctuated by colossal timpani hits. That’s when the light crests over a gigantic planet—the view of a sunrise as seen from an orbiting space station, or witnessed by God Himself. Stanley Kubrick wanted to use classical compositions instead of the commissioned (and discarded) Alex North score to attain an appropriately massive soundtrack to his cerebral sci-fi masterpiece, and Richard Strauss’s tone poem supplies the film’s opening moments with an immediate sense of scope and grandeur: This is what the majesty of the universe sounds like. Everyone from Elvis Presley to the makers of cat-food commercials has since hijacked this Nietzsche-inspired work for their grand entrances, but Kubrick got there first; by the time 2001’s title credit shows up under that sustained musical burst, the combination of sound and image has already transported you to infinity and beyond.—David Fear Buy, rent or watch 2001: A Space Odyssey Download Thus Spoke Zarathustra on Amazon Watch the video for Thus Spoke Zarathustra by Richard Strauss Show moreBy entering your email address you agree to our Terms of Use and Privacy Policy and consent to receive emails from Time Out about news, events, offers and partner promotions.
